

Community Information

Newport Beach

NEWPORT BEACH

Newport Beach is located 50 miles south of Los Angeles and 85 miles north of San Diego in Orange County. With nearly 22 square miles of ocean and bay, including several islands, the city offers the greatest variety and number of restaurants with water view dining in all of Orange County.

A Community of Villages

Travel from the east to the west side of the city - or the north end to the south end - and you will get a flavor of the distinct residential and commercial areas that combine to make the City of Newport Beach one of the most attractive communities on the west coast. Newport Beach is known for its "villages", each with its own distinct character and appearance. They include:

Balboa Peninsula: The Peninsula is a three-mile stretch bordered by Newport Harbor on one side and the Pacific Ocean on the other. It's famous for "the Wedge," arguably one of the best bodysurfing sites in the world and the Ocean Front Walk, one of the region's most popular boardwalks. At the foot of Newport Pier lies the historic McFadden Square, named for the family that helped found the city and the Dory Fishing Fleet, where local fishermen bring in fresh seafood daily. Approximately one mile south of the Newport Pier is the Balboa, another of the city's villages. Balboa includes the Balboa Pier, the Balboa Fun Zone, and the historic Balboa Pavilion. Catch the Balboa Ferry from here for the short ride over to Balboa Island.

Lido Marina Village: Lido Marina Village is a charming shopping area with waterfront dining, stores, the historic Lido Theater, and dynamic views of the harbor. Just over the bridge sits Lido Isle, a residential neighborhood located on one of the seven islands of Newport Harbor. The Cannery, a former fish canning operation, still stands nearby.

Mariner's Mile: This section of Coast Highway is located between the Arches Interchange (where Coast Highway meets Newport Boulevard) and Dover Drive. It contains yacht brokerages, marine supply stores, high-end automobile dealerships, a mix of retail and restaurants, and the beautiful Balboa Bay Club & Resort.

Balboa Island: The area known as Balboa Island is actually comprised of three islands - Balboa Island, Little Balboa Island and Collins Island. The main street, Marine Avenue, is lined with quaint shops, art galleries and restaurants. "The Island" is known for the great walking path that circles its perimeter, the annual Balboa Island Parade, its annual Art Walk, and, of course, the legendary Balboa Bar - vanilla ice cream dipped in chocolate and assorted toppings.

Corona Del Mar: Corona Del Mar, or the Crown of the Sea, is home to the beautiful Corona Del Mar State Beach and the Robert E. Badham Marine Conservation Area. Lookout and Inspiration Points offer scenic views of the ocean and the entrance to Newport Harbor. Just a few blocks inland is the "downtown" area of the village, where shops, boutiques and restaurants border both sides of Coast Highway and the 2.2-acre Sherman Library and Gardens is known as a "horticultural retreat."

Newport Center / Fashion Island: Newport Center contains high- and mid-rise office and residential buildings, hotels and Fashion Island, one of the most exclusive shopping and dining destinations in Southern California.

Newport Coast: Newport Coast was annexed into the City of Newport Beach in 2002. Newer homes, upscale hotels and the Pelican Hill Golf Course line the hillsides and offer breathtaking views of the Pacific Ocean. The historic Crystal Cove State Park, tucked between Coast Highway and the ocean, includes three miles of coastline and its historic district contains more than a dozen restored 1930s-era vacation cottages that can be rented year-round.

The Islands of Newport Harbor: Another unique feature of Newport Beach are the eight islands located in Newport Harbor. Bay Island, Collins Island, Harbor Island, Lido Isle, Linda Isle, Little Balboa Island, and Newport Island are strictly residential areas. Balboa Island has residential and some small commercial areas.

City of Newport Beach

3300 Newport Blvd. / Newport Beach, CA 92663

Beaches

Newport Beach includes more than eight miles of beaches that stretch from the Santa Ana River jetty to Crystal Cove State Park and border Newport Bay. All ocean and bay front beaches are open to the public from the hours of 6 a.m. until 10 p.m. Crystal Cove State Park beaches close at sunset.

Portable barbecues are not allowed on any City beaches. Fire rings and public barbecues are available near the Balboa Pier and at Corona del Mar State Beach from 6 a.m. to 10 p.m. on a first-come, first-served basis. The Newport and Balboa Piers are open from 5 a.m. until midnight. Restaurants are located on both piers and their hours may vary. Public restroom facilities are available at the base of both piers.

West Newport Park: 6804 Seashore Dr

Things to Do

Back Bay Loop Trail: Newport Bay is one of the premier recreational and environmental assets in our region. The Back Bay Loop Trail provides an exciting opportunity for outdoor enthusiasts to discover a magnificent regional trail experience at the Bay. The 10.5 mile Trail is well-signed as it winds around Upper Newport Bay, with scenic stops at places like Upper Castaways Park, the County of Orange's Peter and Mary Muth Interpretive Center, the new Back Bay Science Center at Shellmaker Island, and Big Canyon. The Back Bay Loop Trail also links with the 22-mile Mountains to Sea trail - this National Recreational Trail runs from Upper Newport Bay through Irvine past Peters Canyon Reservoir and into the rugged mountains of Weir Canyon north of Irvine Regional Park.

Back Bay Science Center: The Back Bay Science Center - a partnership between the City of Newport Beach, the County of Orange, the California Department of Fish and Game, and the University of California, Irvine - operated out of temporary buildings since opening in the early 1980s. Its new, permanent facility opened in 2008 and is comprised of four buildings that total approximately 12,400 square feet. Located within a state ecological reserve, a protected area set aside for fish and wildlife, the center includes a state-of-the-art water quality testing laboratory and educational facility. The facility offers coordinated programs targeting 7th-12th grade students, and offer research opportunities to college level students. Occasionally, there are opportunities where the public can get involved as well, such as the monthly Marine Life Inventories.

In addition to the funding provided by the four partners mentioned above, generous contributors to the \$8 million center include: The Irvine Company, Miocean Foundation, State Coastal Conservancy, Pacific Life and the Newport Bay Naturalists and Friends.

The mission of the BBSC is to provide a hands-on facility where students and the public can study and enjoy the estuarine ecology of Newport Bay including marine ecology of the ocean, and promote natural resource conservation and stewardship throughout the watershed. More than 10,000 students and visitors participate in the center's tours and programs each year.

The Back Bay Science Center is located at 600 Shellmaker Road, Newport Beach.

Cultural Arts: The Cultural Arts Division of the Newport Beach Public Library supports the Newport Beach City Arts Commission and the Newport Beach Sister City Associations. Cultural activities are ongoing and include art exhibitions at Central Library and City Hall, the annual Orange County Artist Juried Exhibition, Reception and Sale in the spring; as well as Concerts in the Parks and Shakespeare by the Sea performances each summer.

The Cultural Arts Division has also coordinated several public art projects including the recent McFadden Square Centennial Legacy Project, a lasting public memorial to the City's 100th birthday.

The City Arts Commission annually awards Cultural Arts Grants to local arts organizations for learning activities and performances in schools, Oasis Senior Center, Newport Beach libraries and in public parks throughout the City.

The division budget provides funds for the Newport Beach Sister City Association in support of their student exchange programs, international festivals and visits from Sister City delegations.

To contact the City Cultural Arts Office: (949) 717-3870 / Office: Central Library: 1000 Avocado Avenue, Newport Beach, CA 92660

Environmental Nature Center: The Newport Beach Environmental Nature Center opened the doors of its new green building on June 3, 2008, making way for a new era of green design and sustainability. The building is currently pursuing Leadership in Energy and Environmental Design Platinum certification from the U.S. Green Building Council, which would make it the first LEED Platinum building in Orange County.

The ENC, a non-profit corporation for 30 years, focuses on the education of students about the natural world by immersing them in it. This is being done through the 15 different California habitats located on the 3.5 acre site.

More information about the Environmental Nature Center can be found by visiting the ENC website. The ENC is located at 1601 16th Street, Newport Beach, CA (16th & Dover Drive). The facility is open Monday-Friday 8:00 AM to 5:00 PM and Saturday 8:00 AM to 4:00 PM.

Utilities

Cable TV: The City of Newport Beach is served by two separately-owned cable television companies. If you live on the West side of Jamboree Road (toward Huntington Beach), you are served by Time Warner. If you live on the East side (towards Laguna Beach) of Jamboree Road, you receive your cable television service from Cox Communications. If you want to start receiving service or you are experiencing problems with your service, call Time Warner Customer Service at 629-4048. The number for Cox Communications Customer Service is 240-1212.

Electricity: Residents and businesses in Newport Beach are served by the Southern California Edison. This company is not affiliated in any way with the City. For inquiries to start or stop service or to answer any questions related to your electrical service, please call Southern California Edison at 1-(800) 655-4555. You can also visit the website at <http://www.sce.com>.

Natural Gas: Residents and businesses in Newport Beach are served by the Southern California Gas Company. This company is not affiliated in any way with the City. For inquiries to start or stop service or to answer any questions related to your natural gas service, please call The Gas Company at 1-(800) 427-2200. You can also visit the website at <http://www.socalgas.com>

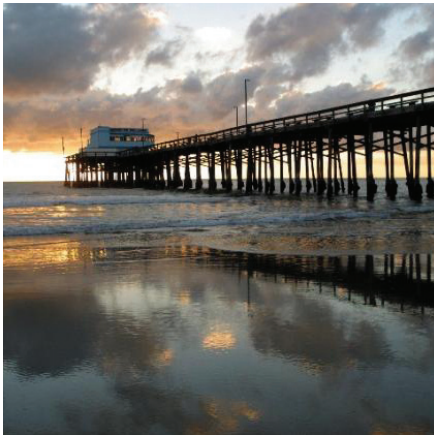

Water: Water service is provided by the City of Newport Beach, Utilities Department. To report a water service problem, or for more information, contact the Utilities Department main offices, between 7:00 a.m. and 4:30 p.m. Monday through Thursday, 7:00 a.m. to 3:30 p.m. on Friday at (949) 644-3011. If the service problem occurs after regular working hours, please contact the Police Department Dispatch Center at (949) 644-3717. The dispatcher will immediately contact a Utilities Department Duty Personnel who will respond to your home or business.
